Crafts Lot planning map

Crafts Lot Area: At the moment this area is not within the boundaries of any known site. However, a small portion of the eastern side of the lot is within the buffer zone of the "Crafts Over Flow" which extends from Phun Gate along the high land across Chela Mela. The Crafts Lot Area would be a classic place to use ground-penetrating radar or other non-ground disturbing methods to survey the area prior to expansion so see if any cultural remains exist in the area.

--Tom Churchill, OCF Archeology Crew, Feb. 2010 (see Path Planning Committee minutes for more information on OCF archeology)
